About the donor The Wolfson Foundation is based in London and was created in 1955. It was established by and named after the late Sir Isaac Wolfson. His son, the Lord Wolfson of Marylebone FRS FBA is the current Chairman of the Board of Trustees and a founder trustee. The Wolfson Foundation's aims are to promote excellence in the advancement of education, medicine, science, health and the arts and humanities. The Foundation has also for a number of years supported the renovation of museums and galleries. The Foundation has always been closely connected with initiatives at Oxford University.
